EDUCATION

Centennial College

September 2022 - April 2024 (Expected)

Diploma

Scarborough, ON

Software Engineering Technician

RELEVANT COURSES

COMP-213: Web Interface Design

- Utilized key understandings of high-quality HTML/CSS Web design and development along with frameworks such as Bootstrap to create an end-of-term website

COMP-125: Client Side Web Development

- Built professional Web applications using JavaScript and its advanced features including object oriented programming, document object modeling
- Created a card application that conforms to any device by being responsive to arbitrary screen dimensions
- Developed an interactive slideshow application that allowed users to save favoured images

COMP-214: Advanced Database Concepts

- Developed and manipulated back-end databases using RDBMS and NoSQL systems using advanced SQL queries, functions, procedures, and packages

EXPERIENCE

Vice President

September 2022 – Current

CCSAI Computers and Coding Club

Scarborough, ON

- Led the organization of in-person educational workshops, speakers, and recruiting events for software students and club members
- Hosted monthly meeting presentations with up to 70 participants to promote tech-related events, resources, and incoming job postings
- Cooperated with the Club President and a team of 10 club members to facilitate friendly inclusive online and in-person spaces

PROJECTS

IDBeauty

January 2023

SheHacks+ Hackathon

London, ON

- Collaborated with a team of 4 peers in a 36-hour programming project to compete in technical challenges
- Piloted front end development using HTML and CSS to create a beauty product identifier with customized results based on an individual's unique qualities
- Conceptualized website designs with a UI/UX team member on Figma and transformed designs into a working prototype
